

Easy Enrichment for Shelter Dogs

Drive by Treats

Supplies

1. Treats
2. +/- Treat buckets
3. +/- Fanny pack

1. Fill treat buckets (hanging on kennel doors) or a fanny pack with plenty of delicious treats.
2. Walk through the kennel as if you were a potential adopter, and reward dogs exhibiting calm, relaxed behavior.
3. For fearful dogs and those exhibiting barrier reactivity at the kennel door, drop a treat and keep moving. This will help to create a positive association with people walking by in the kennel.

4. You can get the visiting public involved with this activity as well. To minimize risk of injury, it may be a good idea to have visitors drop the treats in a bowl or at the front of the kennel rather than handing the treat directly to the dog.
