

CLAY COUNTY EMERGENCY MANAGEMENT SMART CARD

Welcome to Clay County, Florida! Thank you for choosing to spend your vacation time in our friendly Community! While you are our guest, we would like to provide you with some information sources that can make your stay as safe as possible.

How to stay connected while you're here...

SaferWatch App

This app is a great information source used by our County Sheriff's Office. Everything from road closures to traffic accidents to emergencies. A great tool.

www.saferwatchapp.com

Alert.claycountygov.com

This mass notification system alerts users of severe weather and emergency notifications. Users must register and there is no cost to use this lifesaving system.

www.alert.claycountygov.com

Clay County Website

This is our County's official website and is packed with useful links and information you may need during your stay.

<https://www.claycountygov.com/>

Social Media

Our County has a great communications team and routinely updates happenings within the County especially during emergency situations.

Local News / Weather

We have some great partners in radio and TV. In the event of severe weather, these partners help provide timely and reliable information. Here is a small offering of our local stations.

TV: WJXT Ch4, WTLV Ch12, WAWS Ch30

RADIO: WOKV 104.5 FM, WJCT 89.9 FM, WUFT 89.1 FM

In case of an emergency, please call 911.

For nonemergency questions, the Clay County Division of Emergency Management (CCDEM) can be reached at (904) 284-7703.

Clay County is also an IPAWS County – a comprehensive notification system that will push messages across cellular, cable, network, and internet providers.
